SOUTH AFRICA

Welcome to the Rainbow Country!

South Africa is a country with extraordinary variety:

Endless hunting opportunities on our well managed hunting areas, a rich variety of animal and plant world, numerous nature reserves, interesting cities, different cultures, spectacular landscapes, mild climate with many hours of sunshine, very good cuisine and much more.

All of this can be found in one country South Africa!

General Information

Travel & Entry Requirements

Austrian, Swiss and German citizens require **NO** visa to enter South Africa.

The following points should be noted:

- The passport must be valid at least 30 days.
- Upon entry, you will need at least 2 blank pages in your passport
- The registered name on the passport must match the name on the ticket, which is especially important for double names or long names.

Vaccinations and Health care

There are excellent Doctors and Hospitals in South Africa, but please consider travel Insurance!

Many hunting destinations in South Africa are Malaria-free.

Vaccinations are NOT mandatory, but we recommend the following for PREVENTION:

- Malaria prophylaxis (necessary in the east of the country, NOT for the Garden Route and Cape Town)
- Hepatitis Prevention
- Polio and Tetanus

For more information about immunizations of any kind you should ask your GP or inquire with the health department, prior to departure!

Currency

The South African currency is the "Rand", which is divided into 100 cents.

€ 1 = approx. R 15,- / \$ 1 = approx. R 15,-

We encourage you to travel with Euros in cash and traveller's checks!

All major Hotels and shops accept credit cards.

Please keep in mind that small businesses do NOT accept Credit Cards.

Time change

In winter one hour is added to Central European Time.

During Summertime there is no time difference.

Facts and Figures

Size: about 1.22 million km² / Population: 55 million inhabitants.

Population growth rate: about 1.06%

Population

Numerous Ethnic groups from different cultures and backgrounds live in South Africa and speak their own languages.

The biggest Populations are Zulu 23%, 18% Xhosa, Sotho 15%,

The proportion of the white population is 5%.

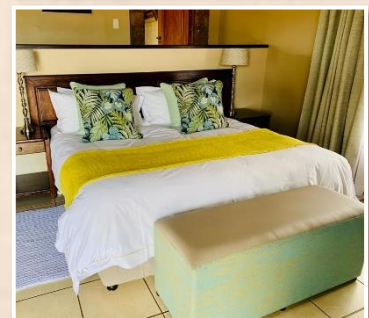

Language

In addition to English and Afrikaans there are 9 more official languages.

Electricity

220/230 Volt / 50 Hz AC. The socket forms vary, which is why you should have a travel adapter (primarily for the English 3-hole plug system) in your luggage.

In most hotels or lodges these plug systems can be hired.

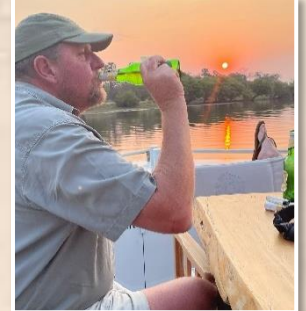

Climate

South Africa is located south of the equator, between 22- and 34-Degrees South Latitude and thus falls within the scope of the subtropics. In comparison to the Northern Hemisphere, there are opposite seasons. However, in comparison to areas in similar width positions the temperatures are lower in many regions. There is a generally well-tolerated climate for Europeans. The average duration of sunshine is amongst the highest in the world.

On the West Coast the cold Benguela current makes for temperate temperatures. In the central highlands (Johannesburg lies at about 1,650 meters above sea level) temperatures in summer rarely go above 35 ° C.

In winter, temperatures in the central highlands also rise to 35 ° C but can also go below freezing point.

In the coastal regions the temperatures are very moderate to Warm. Rain falls mainly in the South African summer months - This does not apply to the Western Cape region, which is considered winter rainfall region.

Hunting Information

Preparation and shipping of trophies

After a successful hunt, the hunting trophies can be prepared in South Africa. Then you have the choice to send the trophies to a taxidermist of your choice or to have them mounted and finished in South Africa.

Importation of weapons / rifles to South Africa

The importation of arms to South Africa is usually straightforward if the following points are considered:

- Check with your flight booking that you have chosen an airline that transports weapons / rifles!
- Report the weapon / rifle during the booking with the airline company!
- Please send us the following documents and information:

- Copy of your ticket
- Copy of weapon / rifle ownership card
- Copy of your passport
- Your full name, date of birth and physical address

We will send you a booking confirmation / invitation letter that you have to bring with you.

- You must have the following documents when entering South Africa with a rifle:

- Original flight ticket and a copy
- Original weapons / rifle permit and a copy
- Passport and a copy

- Upon arrival at the airport in South Africa you collect your luggage first and then go to the arrival's terminal.

Please note that your

Rifle will not be on the luggage treadmill, but will be brought directly to the South African Police Department / Rifle Control on the Airport.

- Upon entering the Arrivals terminal, a team member of " Carlo Engelbrecht Safaris " will meet you.

Together you will then go to the Police station / rifle control. We will assist you in completing the necessary documents.

- As soon as we've received all the necessary above-mentioned documentation, we will then prepare all the documentation regarding importation of your rifle. As our guest, all you must do is provide your signature.

Rifles

For hunting African game, a minimum of 7mm Caliber is essential.

We recommend caliber 300 Win. Mag, 375H & H or similar caliber.

Please clarify questions about rifle and the caliber upon your booking with us.

We also have the following Calibre rifles that is available to hire: 375H & H, 308, 7mm Rem. Mag 458 .3006
